

Mist Monster Pumping System

60 GPH Misting System

Monster 60 is designed for residential and commercial use in noise sensitive areas. The granite like appearance blends into landscaping while providing quiet comfort.

Uniquely featured system defines the state of the art in misting systems.

Our triplex pump has the reputation for being the quietest, most compact available. Superior system design eliminates overheating and provides simple filter service. Unique rotational-molded enclosure will not rust or peel, protecting your misting system investment.

Mist Monster 60 offers these exclusive features:

- **Thermostatic protection prevents overheating**
- **Weather proof electrical system with GFCI**
- **Simple installation, set-up and maintenance**
- **Rotational molded two piece case with integrated risers**
- **Positive, fan cooled ventilation**
- **No-drip solenoid valve releases line pressure**

System Specifications

Mist Monster 60

Pressure Range	up to 1000 PSI
Flow Range	up to 1 GPM
Amperage	8.4 amps
Height	14.5"
Length	20.0"
Width	15.0"
Weight	57 lbs
Shipping Weight	67 lbs
Shipping Dimensions	22" x 22" x 16" high
Inlet Fitting	1/4 F Quick Connect Plug
External Pre-filter	1/4 F NPT inlet
Outlet Fitting	1/4 F Quick Connect Plug

MIST MONSTER

Pump/Motor System Specifications

Mist Monster 60

Pump Type	Oil Bath Triplex by Arimitsu
Pump Rating	to 1 GPM, to 1000 PSI
Motor Amperage	8.4 Amps
Voltage	120/220 VAC
Motor Hz	50/60 Hz
Pressure Regulator	0-1000 PSI, adjustable
No Drip Dump Valve	normally open, .04 Amp
Pulsation Dampening	pulse hose, 32"
Thermostat Protection	140°F
Inlet Pressure Regulator	0-60 PSI, Adjustable
Gauge, 0-1500 PSI	Industrial quality, liquid filled

Power/Case Specifications

Mist Monster 60

Case	Rotational molded, HDPE
Case Switch Protection	weatherproof cover
Case Feet/Riser Clearance	1.5"
Case Ventilation Fan Watts	.01 Watts
Case Ventilation Fan CFM	17 CFM
Case Ventilation Fan Protection	main circuit breaker
Case Fastener Materials	Stainless Steel
Case Drainage Opening Combined Area	.20 in ² drain/ 3.0 in ² flood
Switch Type	Carling rocker dpst 15 Amp
Circuit Breaker	10 Amp @ 120 VAC
Electrical Junction Box	Drip proof, molded into case
Electrical Cord	120V, 15 Amp GFCI test and reset plug
Cord Length	35 ft
Cord Strain Relief	liquid tight, w/ pigtail, black
Filter	5 micron, 10"
Filter Service	removable with 1/4 quick connects

- Case Features**
- Molded case includes 1.5" risers
 - Stainless steel fasteners
 - Weather-proof junction box
 - Granite look blends into landscaping
 - Nozzle chart eliminates guess work during installation
